An abstention is not a favorable vote. Braddy v. Zych, 702 S.W. 2d 491 (Mo. App. 1985).

Section 17 Approval or disapproval of ordinances by mayor; reconsideration by board.

Each bill shall be presented to the mayor immediately after its adoption, but shall not be acted upon by him (except it be an emergency measure) within ten days after its adoption. He shall within twenty days after its presentation to him return it with his approval or disapproval endorsed thereon to the board of aldermen, or, if said board shall have finally adjourned, to the register. Failure so to return any bill within said time shall constitute approval thereof by the mayor. If the mayor approves the bill, or fails to return it as and when above provided, it shall become an ordinance, subject to the referendum provisions of this charter. If he returns it to the register, with his disapproval endorsed thereon, after said board shall have finally adjourned, but within said twenty days, it shall not become an ordinance. If he returns it to said board, with his disapproval endorsed thereon, within said twenty days and before said board shall have finally adjourned, said board shall reconsider it. If, on such reconsideration, two-thirds of all the members vote to pass the bill, the presiding officer shall certify that fact thereon over his signature and thereupon the bill shall become an ordinance, subject to the referendum provisions of this charter; otherwise it shall not become an ordinance. If a bill contains several items of appropriation, the mayor may disapprove one or more items while approving the others, and the items approved shall become an ordinance in like manner as
a bill approved, and the items disapproved shall be proceeded with in like manner as a bill disapproved.

INITIATIVE*

* Cases:

The people retain the right to legislate through the initiative procedure. Pitman v. Drabelle, 183 S.W. 1055. 267 Mo. 78 (1916); State v. Miller, 285 S.W. 504, 315 Mo. 41 (1926).

The people’s power to amend the charter does not preclude amendments by the board of aldermen. State v. City of St. Louis, 5 S.W. 2d 1080, 319 Mo. 497 (1928).

The restriction that the board of public service must recommend a public improvement applies to proposals under the initiative as well as ordinances proposed by the board of aldermen. Baum v. City of St. Louis, 123 S.W. 2d 48, 343 Mo. 738 (1938).
The restriction that the board of public service must recommend a public improvement applies to proposals under the initiative as well as ordinances proposed by the board of aldermen. Baum v. City of St. Louis, 123 S.W. 2d 48, 343 Mo. 738 (1938).

When initiative proposal for charter amendment had signatures representing 10% but less than 15% of the registered voters at the last mayoralty election, the board of aldermen were required to place it on the ballot at the next general election even though no general election was scheduled between 30 and 90 days after certification of rejection by the board of aldermen. State ex rel. Blackwell v. Travers, 600 S.W. 2d 110 (1980).

Section 1 Use authorized.

The people shall have power, at their option to propose ordinances, including ordinances proposing amendments to this charter, and to adopt the same at the polls, with the same effect as if adopted by the board of aldermen and approved by the mayor, such power being known as the initiative. It shall be exercised as hereinafter provided, subject to the provisions of this charter.

It requires strict time limits so is not to unduly delay the effectiveness of duly enacted legislation and warrants a greater showing of initial support. The two are not, by their very

Section 2 Petition required.

Such an ordinance shall be proposed by petition signed by registered voters equal in number to five percent or, in case the proposed ordinance is for the submission of an amendment to the charter, ten percent of all the registered voters of the city at the time of the last preceding regular mayoralty election. Each of the papers comprising the petition shall contain the proposed ordinance in full and designate by names and addresses five persons as the committee of the petitioners.

Section 3 Procedure employed in recall to be followed.

Each such petition and the papers comprising same shall be governed by, and proceedings shall be had thereon in accordance with, the provisions of section 3 and 5 of article III concerning the recall, but construing said sections with reference to the petition and the sufficiency thereof required by this article.

Section 4 Certification of petition; submission of proposed ordinance to voters.

If the board of election commissioners find that the petition, with supplements, if any, is sufficient, it shall forthwith certify that fact, together with a copy of the petition, omitting signatures, to the board of aldermen. Unless the proposed ordinance is, without amendment, adopted and approved by the mayor, or adopted, without amendment, over his veto, within sixty days after the regular meeting of the board of aldermen next after said certification, or unless four members of the committee of the petitioners shall, within fifteen days after the expiration of said sixty days, state in writing to the clerk of the board
of aldermen that there is no necessity for submitting the proposed ordinance to the voters, said clerk shall forthwith certify the failure to adopt same to the board of election commissioners. Said board of election commissioners shall thereupon provide for submitting said proposed ordinance, in its original form, to the voters at the first election at which such submission may lawfully be had, not less than thirty days after such certification to it by said clerk, and if there is no such election within ninety days after such certification, and the petition shall be signed by registered voters equal in number to seven per cent, or in case the proposed ordinance is for the submission of an amendment to the charter, fifteen per cent, of all the registered voters of the city at the time of the last preceding regular mayoralty election, then such submission shall be at a special election to be held within such ninety days if legally possible, otherwise at the earliest day on which such submission may be had at either a general or special election.

Cases:

This provision permits action earlier than the deadlines. State v. Miller, 285 S.W. 504, 315 Mo. 41 (1926).

Section 5 Form of ballot; adoption of ordinance; publication.

The ballots shall state the nature of the proposed ordinance, and to the right thereof in bold type the words "Yes" and "No" one above the other. To vote for such ordinance the voter shall strike out the word "No" and to vote against it, the word "Yes." If a majority voting on the proposed ordinance vote in favor thereof, it shall be an ordinance of the city, in effect ten days thereafter, and the board of election commissioners shall certify a copy thereof and the fact of its adoption to the register who shall number said ordinance and file and preserve said copy and certificate in his office. Such ordinance shall be published and printed copies thereof made for distribution as provided for other ordinances.

Section 6 Amendment or repeal of initiated ordinance.

No ordinance adopted at the polls under the initiative shall be amended or repealed by the board of aldermen except by vote of two-thirds of all the members, nor within one year after its adoption.

Referendum*

City Counselor Ops.: 10290

Section 1 When to be exercised.

The people shall have power, at their option, to approve or reject at the polls any ordinance (except it be an emergency measure as defined in section 20 of article IV), such power being known as the referendum and to be invoked and exercised as herein provided.

Cases:

An ordinance for public improvements outside city limits is legislative and subject to the referendum. State v. Edwards, 266 S.W. 127, 305 Mo. 431 (1924).

A proposition seeking the repeal of an ordinance and proposing a new ordinance in lieu thereof was held to be a referendum required to meet the requirements of Charter, Art. VI. State ex rel. St. Louis Regional Health Care Corp. v. Wamser, 735 S.W. 2d 741 (1987).

Initiative and referendum are essentially different. Initiative is the proposal of legislation by the public. It has no need for time limits and warrants a lesser initial support to justify submission to the voters. Referendum is the overturning of legislation enacted by the representatives of the people. It requires strict time limits so as not to
unduly delay the effectiveness of duly enacted legislation and warrants a greater showing of initial support. The two are not, by their very nature interchangeable. State ex rel. St. Louis Regional Health Care Corp. v. Wamser, 735 S.W. 2d 741 (1987).

McQuillin:

16.48--16.70 Initiative and Referendum

Section 2 Petition required; reconsideration of ordinance; submission to voters.

If within thirty days after the approval by the mayor of any ordinance (not an emergency measure) or its adoption over his veto, there is filed with the board of election commissioners a petition purporting to be signed by registered voters equal in number to two percent of all registered voters of the city at the time of the last preceding regular mayoralty election, requesting that said ordinance be reconsidered and rejected or referred, then said board shall certify that fact to the register and said ordinance shall not take effect except as hereinafter provided. Within ten days after such filing the said board shall find and certify the number of registered voters signing said petition and what percentage said number equals of the entire number of said registered voters at the time of said election. If the percentage so found is less than the two percent aforesaid, said board shall certify that fact to the register, the said petition shall not be supplemented, and said ordinance shall take effect. If the percentage so found is not less than two percent but is less than seven percent of all said registered voters at the time of said election, then within thirty days after the certification of such finding there may be filed with said board a supplemental petition, shown, by the affidavits appended thereto, to be signed by registered voters to a number which, with the number of registered voters who signed the original petition, equals in number said seven per cent. If such supplemental petition is filed, said board shall within ten days thereafter find and certify the number of registered voters signing same and whether such signers, added to registered voters who signed the original petition, equal in number said seven per cent. If it finds that the aggregate number of such signers does not equal said seven per cent, or if the committee of the petitioners make the statement in writing as hereinafter mentioned, said board shall certify the fact to the register, no further
supplementing shall be permitted, and said ordinance shall take effect. If said board finds the original petition, or the original and supplemental petitions together, to be signed by registered voters equal in number to said seven per cent, it shall, forthwith after either such finding, certify that fact, together with a copy of the petition (omitting the signatures), to the register and to the board of aldermen, and the latter board shall reconsider said ordinance. If on such reconsideration the board of aldermen by a majority vote rejects said ordinance, it shall not take effect. If the board of aldermen fails to finally and wholly reject said ordinance within thirty days after such certification to it, then, unless four members of the committee of the petitioners, within fifteen days after said thirty days expire, state in writing to the clerk of the board of aldermen that there is no necessity for submitting said ordinance to the voters, such clerk shall forthwith certify said failure to the board of election commissioners, which shall thereupon make provision for submitting such ordinance, in such form as it then shall be, to the voters; provided, that the final percentage of signers required to compel submission to the voters of an ordinance amending or repealing an ordinance adopted at the polls under the initiative shall be three percent instead of seven per cent, as required in case of other ordinances. Such submission shall be at the first election at which it may lawfully be had, not less than thirty days after the last mentioned certification, and if there is no such election within ninety days after such certification, and the original petition or the original and supplemental petitions together shall be signed by registered voters equal in number to twelve percent of all the registered voters of the city at the time of the aforesaid mayoralty election, or if the board of aldermen shall by resolution so request, such submission shall be at a special election to be held within such ninety days if legally possible, otherwise at the earliest day on which such submission may be had at either a general or special election. If the majority of the votes cast thereon at the election shall be for such ordinance, it shall take effect within ten days after such election.

Section 3 Procedure employed in recall to be followed.

The provisions of section 5 of article V, concerning the ballots and manner of voting, the duties of the board of election commissioners and the register, and the publishing of ordinances and printing of copies thereof, shall govern like matters under this article.
Section 4 How petition executed.

The signatures need not all be appended to one paper, but all papers comprising any original or supplemental petition under this article shall be uniform in character and shall each set forth the ordinance in full and contain the request mentioned in section 2, and designate by names and addresses five persons as the committee of the petitioners, and each such paper shall be verified by an affidavit stating the number of signatures thereto and that each signature was made in affiant’s presence by, as affiant verily believes, the person whose name it purports to be; and all papers comprising an original or supplemental petition shall be assembled by the petitioners and filed with the board of election commissioners as one instrument. Each signer shall state opposite his signature his residence address. Any person shall be deemed a registered voter within the meaning of this article whose name is unerased on the registration books.

Section 5 What ordinance to prevail where conflict occurs.

If the provisions of two or more initiated or referred ordinances adopted or approved at the same election conflict, the one receiving the highest affirmative vote shall prevail in so far as such provisions conflict.

City Counselor Ops.: 8517, 8592

Section 6 Filing and publication of statements relating to initiative or recall propositions.

Any person may present to the city counselor at least twenty days prior to any election a written statement, not exceeding one thousand words, concerning any ordinance or recall proposition to be voted on at such election. The city counselor shall at least ten days before such election prepare and cause to be published in the paper or papers doing the city publishing a fair summary of all such statements.

The comptroller can disapprove the expenditure of money out of appropriations only on the ground they are unauthorized or manifest an abuse of discretion. Kirby v. Nolte, 164 S.W. 2d 1, 349 Mo. 1015 (1942).

The Board of Estimate and Apportionment shall submit to the Board of Aldermen on or before sixty (60) days prior to the start of each Fiscal Year for the City of St. Louis a statement showing the estimated receipts and an operating budget for the General Fund and all other operating funds. The budgets shall include a Table of Organization, as well as personnel, supplies, maintenance, repairs, services, and contractual requirements of each department, board, and office for the Fiscal Year beginning on the first day of that Fiscal Year and a comparative statement of the receipts and expenses for the previous year as well as the estimates for the current Fiscal Year, first, however affording taxpayers an opportunity to be heard thereon as may be provided by ordinance.

The Board of Estimate and Apportionment shall also annually and on or before sixty (60) days prior to the start of each Fiscal Year submit and recommend to the Board of Aldermen a proposed ordinance appropriating the amounts deemed necessary for the Table of Organization, as well as the personnel, supplies, maintenance, repairs, services, and contractual requirements for the use of each department, board, and office for that Fiscal Year and a proposed ordinance establishing the City tax rates for said Fiscal Year, provided that the appropriations for payment of salaries and compensation of officers and employees may, in the discretion of the Board of Estimate and Apportionment, be embodied in a separate proposed ordinance. The Board of Aldermen shall immediately proceed to the consideration of said proposed ordinance or ordinances. The Board of Aldermen or one of its Committees shall meet daily Monday through Friday, until the ordinance or ordinances are finally acted upon, and said Board of Aldermen shall finally act upon said proposed ordinance(s) before the start of the Fiscal Year. The Board of Aldermen may reduce the amount of any item in the appropriating proposed ordinance, except amounts fixed by statute or for the payment of principal or interest of
the City debt or for meeting any ordinance obligations, but it may not increase such amount nor insert new items unless specifically approved by the Board of Estimate and Apportionment, or unless the Board of Estimate and Apportionment has failed to recommend the appropriating, City tax rate, and salary compensation proposed ordinance or ordinances on or before sixty (60) days prior to the start of that Fiscal Year.

Notwithstanding the provisions of Article IV Section 16 of the Charter of the City of St. Louis in the event the Board of Aldermen has not finally acted upon said proposed ordinance or ordinances by the start of the Fiscal Year, the proposed ordinance or ordinances recommended by the Board of Estimate and Apportionment or in its absence the submission by the Budget Director shall be considered to have been approved by the Board of Aldermen.

Ch. 43 Municipal Bonds

Section 1 Purposes for which bonds may be issued.

Some of the purposes, hereby specifically authorized, for which the bonds of the city may be issued and given, sold, pledged or disposed of on the credit of the city or solely upon the credit of specific property owned by the city or solely upon the credit of income derived from any
property used in connection with any public utility owned or operated by the city or upon any two or more such credits, are the following: For the acquiring of land; for the purchase, construction, reconstruction or extension of water works, public sewers, buildings for the fire department, bridges and viaducts, subways, tunnels, railroads, street railroads, terminals, ferries, docks, wharves, warehouses, gas or electric light works, power plants, telephone and telegraph systems, or any other public utility; for hospitals, insane asylums, orphan asylums, poorhouses, industrial schools, jails, workhouses, and other charitable, corrective and penal institutions; for court houses, and other public buildings, public parks, parkways, boulevards, grounds, squares, river and other public improvements which the city may be authorized or permitted to make; for paying, refunding or renewing any bonded indebtedness of the city, and for the establishment of a local improvement fund to be used for the purpose of paying in cash for local improvements, such fund to be replenished from time to time by the payment into it of the proceeds of special assessments made on account of such local improvements.

The foregoing enumeration shall not be construed to limit any general provision of this charter authorizing the city to borrow money or issue and dispose of bonds, and such general provisions shall be construed according to the full force and effect of their language as if no specific purposes had been mentioned; and the authority to issue bonds for any of the purposes aforesaid is cumulative and shall not be construed to impair any authority to make any public improvements under any provisions of this charter or of any law.

Section 3 Elections authorizing issues.

No bonds of the city, except bonds for paying, refunding or renewing bonded indebtedness, and except bonds payable only from proceeds of special assessments for local improvements, shall be issued without the assent of two-thirds of the voters of the city voting at an election to be held for that purpose. All forms, proceedings and other matters with respect to any such election and the amounts, purposes, issue and disposition of bonds may be prescribed by ordinance recommended by the board of estimate and apportionment.

It shall not be necessary in the ordinance calling the election, in the notice of election, in the question submitted, or on the ballot, or in any of the matters preceding the said election, to state the amount of bonds proposed to be issued for each purpose, but it shall be sufficient if the ordinance and notice of election state the total amount of bonds proposed to be voted upon at the said election and in general
language the purpose or purposes for which such total amount of bonds is to be issued, and if two-thirds of the voters of the city voting at such lection assent to the issuance of such amount of bonds, then such amount may be issued and such bonds or the proceeds thereof may from time to time, by ordinance recommended by the board of estimate and apportionment, be appropriated in any amount or amounts to the purpose or purposes for which total amount was voted.

Section 4 Annual tax levy; sinking fund.

The board of aldermen shall annually levy a tax which will yield not less than one million two hundred thousand dollars to be used exclusively for the payment of the bonded indebtedness of the city existing on the seventh day of April, 1890, and renewals thereof and
interest thereon. That portion of each such annual tax levy not required for the payment of the interest maturing during the year on said bonded indebtedness and renewal shall be credited to and shall constitute a sinking fund to be used exclusively for the payment of said bonded indebtedness and renewals. Such levy need not be made except for such interest after the amount in such sinking fund is sufficient to pay all such bonded indebtedness and renewals at maturity. The board of aldermen shall annually levy taxes sufficient to meet the sinking fund and interest requirements of each bond issue.

Section 5 Payment of "St. Louis Water Bonds."

In addition to the foregoing, until there is a sufficient sum in a sinking fund or funds to pay the "St. Louis Water Bonds" and renewals thereof and applicable thereto, the whole net income from the waterworks in excess of what may be necessary for (1) the ordinary construction, reconstruction, extension, operation and repair of the waterworks and facilities, (2) the interest on said water bonds, and (3) the running expenses of the water division shall be credited to, and with the sinking funds heretofore created therefor constitute, a sinking fund to be used exclusively for the payment of said "St. Louis Water Bonds" and renewals.

Section 6 Administration of sinking funds.

The board of estimate and apportionment shall administer all sinking funds and in the course thereof may purchase with any sinking fund, as an investment therefor, bonds of the city, state or United States, preferably city bonds, and may provide for the payment of maturing bonds out of the sinking fund created therefor, and to that end sell bonds held in such sinking fund; provided, that all bonds purchased with the particular sinking fund created therefor shall not be regarded as an investment or be reissued, but shall be canceled. Bonds forming part of any sinking fund and not required to be canceled shall be deposited in a safe deposit vault in the city to which access can be had only by at least two members of the board of estimate and apportionment jointly, one of whom shall be the comptroller. All interest earned on investments or deposits belonging to any sinking fund shall belong to such fund. Whenever the amount in any sinking fund exceeds an amount sufficient to pay all the bonds for which such
fund is created, the board of estimate and apportionment may transfer the excess to other sinking funds.

Submission Ordinance No. 43548

Submission Ordinance Approved April 8, 1946.

Amendment Substance: by repealing Section 16, and enacting a new section simplifying language prohibiting political considerations and activities, and broadening section to include prohibitions against discriminations in the classified service based on race, political or religious opinions, affiliations or service.

Voter Adoption date: August 6, 1946.
Section 17 Political assessments and contributions.

No person in the classified service shall be under any obligation to contribute to any political fund or to render any political service, and no such person shall do so or be removed or otherwise prejudiced for refusing to do so. No person in the city service shall discharge or promote or reduce, or in any manner change the official rank or compensation of any other person in such service, or promise or threaten so to do, for withholding or refusing to make any contribution of money or service or any other valuable thing for any political purpose, or in any other manner, directly or indirectly, use his official authority or influence to compel or induce any other person to pay or render any political assessment, subscription, contribution, or service. Every such person who may have charge or control of any building, office or room occupied for any purpose of the government of the city, is hereby authorized to prohibit the entry of any person, and he shall not knowingly permit the entry of any person, for the purpose of therein making, collecting, receiving, or giving notice of, any political assessment, subscription or contribution; and no person shall enter or remain in any such office, building, or room, or send or direct any letter or other writing thereto, for the purpose of giving notice of, demanding, or collecting a political assessment, subscription, or contribution, nor shall any person therein give notice of, demand, collect, or receive any such assessment, subscription, or contribution; no person shall prepare or make out, or take any part in preparing or making out, any political assessment, subscription, or contribution with the intent that it shall be sent or presented to or collected from any employee in the classified service, and no person shall knowingly send or present any political assessment, subscription, or contribution to, or request its payment of, any such employe.

City Counselor Ops.: 8236, 8426

Cases:

The application of the restrictions in this section to classified employees only does not violate the equal protection clause since it serves the legitimate goal of increasing efficiency in public service. State v. Kirby, 163 S.W. 2d 990, 349 Mo. 988 (1942).
Section 18 Promises of official influence to affect political action.

No person, while holding any city office, or while in nomination or seeking nomination to appointment to any such office, shall corruptly use or promise to use, directly or indirectly, any official authority or influence, possessed or anticipated, to confer upon any person, or to secure or aid any person in securing, any office or public employment, or any nomination, confirmation, promotion, or increase of salary, upon the consideration or condition that the vote or political influence or action of any person shall be given or used in behalf of any candidate, officer, or party, or upon any other corrupt condition or consideration. No person, being an officer of the city, or having or claiming any such authority or influence, in relation to the nomination, employment, confirmation, promotion, removal or increase or decrease of salary, of any employe, shall corruptly use, or promise or threaten to use, any such authority or influence, directly or indirectly, to coerce or persuade the vote or political action of any person, or the removal, discharge, or promotion of any employee of the city.

City Counselor Ops.: 8426, 10095

Section 19 Political activity of classified employes.

No person holding a position in the classified service shall use his official authority or influence to coerce the political action of any person or body, or to interfere with any election, or shall take an active part in a political campaign, or shall seek or accept nomination, election, or appointment as an officer of a political club or organization, or serve as a member of a committee of any such club or organization, or circulate or seek signatures to any petition provided for by any primary or election law, or act as a worker at the polls, or distribute badges, color, or indicia favoring or opposing a candidate for election or nomination to a public office, whether federal, state, county, or municipal. But nothing in this section shall be construed to prohibit or prevent any such person from becoming or continuing to be a member of a political club or organization or from attendance upon political meetings, from enjoying entire freedom from all interference in casting his vote, from expressing privately his opinions on all political questions, or from seeking or accepting election or appointment to public office, provided, however, that no active
campaign for election shall be conducted by any employee unless he shall first resign from his position.

City Counselor Ops.: 8118, 8426, 8876, 9376, 9825, 10384

Cases:

The application of the restrictions in this section to classified employees only does not violate the equal protection clause since it serves the legitimate goal of increasing efficiency in public service, State F. Kirby, 163 S.W. 2d 990, 349 Mo. 988 (1942).

A finding that the city’s fire department Battalion Chief violated Section 19 of Amended Article XVIII of the city Charter was unsupported in the absence of any evidence that the Battalion Chief used his authority or influence as Battalion chief to coerce someone to political activity. Blackwell v. City of St. Louis, 726 S.W. 2d 760 (1987).

It is beyond debate that federal, state and local governments may place some restrictions of the political conduct of public employees. The goal is to balance the interest of the employee as a citizen, in exercising first amendment rights, and the interest of the government, as an employer, in promoting the efficiency and impartiality of public services. Blackwell v. City of St. Louis, 726 S.W. 2d 760 (1987).

Section 20 Leave to be granted for purpose of voting.

On any election day which is not a state or national holiday, the offices of the city shall remain open for business. All employees shall be entitled to vote and whenever necessary may be granted not more than four hours’ leave with pay for the purpose of voting.

Cases:

For this section to conform with state statutes the words "not more than" have no effect. State v. Kirby, 163 S.W. 2d 990, 349 Mo. 988 (1942).

Section 21 False statements under oath.
No person knowingly and willfully shall make under oath any false statement in any application or other statement filed with, or in any proceeding before, the director of personnel, or the civil service commission, or in any investigation conducted by the director or the commission.

Section 22 Penalties for violation.

Any person who shall willfully or through culpable negligence violate or conspire to violate any provision of this article or of any ordinance made pursuant theretofore which no other punishment is provided herein, shall be guilty of a misdemeanor, and, upon conviction thereof in any court of competent jurisdiction, shall be punished by a fine of not less than one hundred dollars and not more than five hundred dollars or by imprisonment for not to exceed six months, or both, in the discretion of the court. The conviction of any employee of any such offense shall operate automatically to terminate his service and to vacate his position. Any employee so removed from the service shall not be reinstated, reemployed or reappointed, or in any other manner re-enter the service of the City of St. Louis for a period of five years from the date of such conviction, and the comptroller and any other fiscal officers responsible for payment of any compensation to such person are hereby charged with notice thereof. Nothing in this section shall be construed to supplant or in any way affect any prosecution that may be elected to be initiated under any other provision of law relating to the nonfeasance, malfeasance, or misfeasance of public officers.

Cases:

An employee need not be convicted under this section to be validly dismissed. Fleming v. Holland, 260 S.W. 2d 840 (1943).

Section 23 Compliance with article and civil service rules.

It shall be the duty of all employees to conform to and comply with, and to aid in all proper ways in carrying into effect, the provisions of this article, and the rules and ordinances prescribed thereunder. Whenever the director of personnel shall make any order under the provisions of this article or in accordance with any rules or ordinance thereunder, the employee to whom such order is directed shall
forthwith comply with the terms and provisions thereof, and any failure or neglect on the part of such employee properly to satisfy or meet the requirements of such order without sufficient justification therefor, shall be construed as grounds for his removal, subject to all rights of appeal and review provided by this article or by ordinance or law.

City Counselor Ops.: 8617

Section 24 Legal remedies for payment of unauthorized compensation.

The city counselor, or special counselor designated therefor by the board of aldermen, on complaint of any officer or employee of the city or of any taxpayer, shall prosecute, and of his own motion may prosecute, such action as may be appropriate to restrain the payment of salary or other compensation to any person appointed to or holding any position in violation of any of the provisions of this article or the rules and ordinances thereunder, or to recover any payment so made, and such right shall not be limited or denied by reason of the fact that such position shall have been classified as, or determined to be, not subject to competitive tests. All money recovered in any action brought under the provisions of this section shall, when collected, be paid into the treasury of the city.

Section 25 Investigatory powers of director; payment of witnesses.

In the course of any hearing, investigation, or tests of fitness conducted under the provisions of this article, the director of personnel and any other person authorized by him as his representative for such purposes, shall have power to administer oaths, to subpoena and require the attendance of witnesses within the city and the production by them of books and papers pertinent to any matter of inquiry and to examine such witnesses under oath, in relation to any matter properly involved in such proceeding. For such purposes, the director or his authorized representative may invoke the power of any court of record in the city, or judge thereof, in term time or vacation, to compel the attendance and testifying of witnesses and the production of books and papers in compliance with such subpoenas. All witnesses so subpoenaed, who are not employees of the city, shall be entitled to the same fees as are allowed in civil cases in courts of record, which shall be paid upon vouchers approved by
the director of personnel from the appropriations of the department of personnel on the audit and warrant of the comptroller.

Section 26 Effect of established titles and rates of pay.

The titles and rates of pay of any positions in the classified service, as set forth in any ordinance or appropriation now or hereafter in effect, shall be deemed to be permissive only, authorizing positions that might properly be designated by such titles and compensated at such rates if so constituted that such titles and rates would apply under the provisions of this article, but not as mandatory in requiring that such titles shall be used to designate such positions to the exclusion of all others or that payments shall be made at such rates, irrespective of the true nature of the positions existing by virtue of such authority and of whether such titles and rates are appropriate to the positions as actually constituted.

Section 27 Partial invalidity of provisions.

If any part of this amendment is held by competent authority to be invalid, every other part thereof not so held, shall continue in full force and effect as though such invalid part had not been included therein.

Section 28 Repeal of inconsistent provisions.

All provisions of the city charter and ordinances and rules thereunder, or parts thereof, inconsistent with this amendment, are hereby repealed.
Cases:

When there has been no repeal in specific terms, a former provision will not be repealed unless the two are irreconcilable. Simmons v. City of St. Louis, 264 S.W. 2d 928 (1954).

Section 29 Powers and duties of efficiency board vested in personnel board.

All powers and duties delegated to the efficiency board by this charter which are not specifically repealed by this amendment are preserved in full force and effect to the personnel department.

Section 30 Effective date.

This amendment shall take effect immediately, except that payrolls may be certified and payments be made thereon, under the provisions of previously existing charter provisions, and ordinances and rules, applicable thereto, during such temporary period not to exceed one year as is necessary, in the opinion of the civil service commission, to provide for the director of personnel, the rules, the classification and compensation plans, the ordinances, the allocation of the existing positions to their appropriate classes and the fixing of the rates of compensation thereunder, and the forms and procedures, necessary for full compliance with the provisions of this article.

Cases:

A charter amendment can provide that it shall be effective when adopted. State v. Kirby, 163 S.W. 2d 990, 349Mo. 988 (1942).

As far as the right to appeal to the commission is concerned, the amendment became effective when adopted. State v. Hertenstein, 163 S.W. 2d 963, 349 Mo. 1010 (1942).

Section 31 Fire department.

(a) Notwithstanding any other provisions of this charter or ordinances of the City of St. Louis to the contrary or in conflict herewith, the following designated ranks and positions of members and employees of the fire department of the City of St. Louis shall for the purposes of compensating said members and employees of said fire department by
salaries for their duties be equivalent to and correspond with the ranks and positions of officers of the police force of the City of St. Louis hereinafter set forth beside each respectively, and the salaries of said designated ranks and positions of members of the fire department of the City of St. Louis shall from and after the effective date of this section and thereafter not be less than the salaries provided by law for the said equivalent and corresponding ranks and positions of officers of the police force of the City of St. Louis, set forth beside each respectively:

Firemen’s salaries may be above the maximum set by article VIII of this charter. Bruce v. Scearce, 390 F.Supp. 297 (1975).

Only remuneration which is "salary" is within the ambit of the section; other forms of compensation received by members of the police department are not, by virtue of this section, automatically owed to corresponding members of the fire department. St. Louis Fire Fighters Assoc. v. City of St. Louis, 637 S.W. 2d 128 (Mo. App. 1982).

An allowance for policemen who work in nonuniform clothes, a "shift differential" for policemen who work evenings and nights, and additional compensation for policemen who complete accredited college work were not "salary" compensation and were not, by virtue of this section, automatically owed to corresponding members of the fire department. Article XIX
Franchises*

* Cases:

An agreement between the city and a corporation granting the corporation the exclusive use of a municipal dock for a maximum of twenty years was properly termed a lease agreement as distinguished from a franchise and constituted a valid and binding contract. St. Louis Terminals v. City of St. Louis, 535 S.W. 2d 593 (1976).

Section 1 Limitations on grant; powers reserved to city; ordinances required; incidental regulations.

All grants or renewals of franchises shall be subject to the right to amend, alter or repeal the same in whole or in part, and to forfeit the same at any time for misuse or nonuse; and subject always to the city’s power of taxation and its authority to regulate rates, quality of use, service, and products and methods of conduct and operation;
subject also to the right of the city at the end of ten years after the beginning of operation and at the end of every five-year period thereafter, at its option to be exercised by ordinance, to acquire the plant and property used in the operation of the franchise, upon terms and conditions to be ascertained in the manner provided in the granting or renewing ordinance, but in no event is the franchise itself to enter as an element into such compensation. Upon such acquisition the franchise shall cease. Every such grant shall cease unless construction thereunder is begun within the time specified in the ordinance and completed with reasonable speed, and no grant shall be exclusive or for a longer term than fifty years.

Any ordinance granting or renewing a franchise may also provide for regulating, from time to time, the amount of capitalization, indebtedness and expenditure of the grantee or assignee in operating thereunder. Such ordinance may also provide that the franchise shall be sold at public sale, and nothing in any such ordinance shall prevent the city from acquiring the property of any such utility by condemnation proceedings or in any other lawful way subject to the limitation of time herein provided.

Every grantee of a franchise for any public utility shall keep such reports of its finances and operation as may be prescribed by ordinance, and the city may at any time examine its records and accounts.

No ordinance granting or renewing a franchise shall be adopted until a report thereon in the form in which it is put upon its adoption has been made to the board of aldermen by the board of public service with its recommendations as to the action that should be had thereon, nor until the bill and the report of the board of public service, or a fair summary thereof, shall have been published as provided by ordinance.

No franchise shall be assignable except with the city’s approval expressed by ordinance.

Section 2 Control of public utilities.

The board of aldermen shall at all times have full power, to be exercised by ordinance, over all public utilities now or hereafter existing in the city, and may regulate the charges for the use, service or product thereof and establish whatever requirements may be necessary to secure efficient use, service or products, and no terms or conditions contained in any grant shall limit or impair this power.

Section 3 Conditions of grant or renewal.

The board of aldermen shall, in the granting or renewal of any franchise as herein provided, prescribe or provide for the character of construction and equipment, the kind and quality of use, service or product to be furnished; the rate to be charged therefor; manner in which the streets, public grounds or other public property shall be

38.155--38.159 Bonds, Certificates, Warrants or Special Tax Bills

Section 1 Preparation, certification and delivery.

For all special assessments for public work or improvements under this charter and ordinances adopted in pursuance thereof, special tax bills shall be prepared and signed by a person designated by the board of public service by resolution entered on its records and shall be made payable to the parties entitled, either at the collector’s office or at some bank or trust company in the city, at the option of the party so entitled. They shall be promptly registered and certified both in the office of said board and of the comptroller by persons designated by said board and by the comptroller respectively to make such registration and certificate, and then delivered by the comptroller to the parties entitled and their receipts taken therefor; and the city shall not be liable in any manner for any work or improvement to be paid for in special tax bills.

City Counselor Ops.: 8713

Cases:

Failure to state the statutory place of payment is a mere technicality and does not invalidate the bill. Granite Bituminous Paving Co. v. McManus, 148 S.W. 621, 2010 Mo. 184 (1912).

The signatures of the comptroller and the president of the board of public service do not validate a special tax bill. The necessary signatures are defined explicitly in this section. Bates v. Comstock Realty Co., 267 S.W. 641, 306 Mo. 312 (1924).
Section 2 Installments authorized; maturity.

Any special tax bills may be divided, if the ordinance authorizing the particular work or improvement so provides, into any number of equal annual installments, not to exceed ten, whereof the first shall be due upon service of the notice hereinafter provided for or upon a "not found" return by the marshal as hereinafter mentioned, and the other installments successively on the corresponding day of each subsequent year, with interest payable annually on each installment at the rate of six per centum per annum from such notice or "not found" return until maturity or prior payment and at the rate of eight per centum per annum after maturity.

All such special tax bills not payable in installments shall mature upon notice or "not found" return as aforesaid and draw interest at the rate of eight per centum per annum after maturity; provided, that the entire bill or any number of installments may be paid within thirty days after such notice or "not found" return without any interest.

City Counselor Ops.: 8919

Cases:

The interest is computed from the date of maturity of the various installments. Everymann v. Stevens, 170 S.W. 330, 185 Mo. App. 168 (1914).

Notice is required to fix the dates of maturity of the several installments. Bates v. Schwenker, 3 S.W. 2d 277 (1928).

Section 3 Service of notice of issuance; return.

The owner of any special tax bill shall serve a written notice of the issuance thereof on the parties named therein, or the city marshal at such owner’s request shall serve such notice and make return of such service in the manner provided as to writs of summons in civil causes; and he shall receive therefor the fees then allowed for serving such writs. Such marshal’s return shall be conclusive of the facts therein stated, and any person injured by a false return on any such notice shall have his right of action for damages resulting therefrom against the marshal on his official bond.
Cases:

Place of payment need not be stated in the notice. Granite Bituminous Paving Co. v. McManus, 148 S.W. 621, 244 Mo. 184 (1912).

The notice does not have to contain a legal description of the property. Schneider Granite Co. v. Gast Realty and Investment Co., 168 S.W. 687, 259 Mo. 153 (1914).

Unverified statement service is not competent proof. Parker-Washington Co. v. Dodd, 264 S.W. 651, 305 Mo. 171 (1924).

Under this section the court made no error in excluding testimony offered to contradict the return of the marshal. Bambrick Bros. Const. Co. v. McCormick, 137 S.W. 43, 157 Mo. App. 198 (1911).

Section 4 Effect as evidence of liability.

All special tax bills shall be prima facie evidence of what they contain and of their own validity, and no mere informalities or clerical mistake in any of the proceedings leading to the issuance of or in any special tax bill shall be a defense thereto; provided that if the work was not done in a good workmanlike manner according to the class of work mentioned in the contract the property charged with the payment of said bill shall be liable only for the value of such work done, and the recovery on the special tax bill shall be reduced accordingly.

City Counselor Ops.: 10118, 10219

Cases:

The matters of which the tax bill is prima facie evidence must be proved aliunde against an owner not named therein. McCormick v. Clopton, 130 S.W. 122, 150 Mo. App. 129 (1910).

Under this section tax bill will be judged valid against claim that assessment was improperly made. Granite Bituminous Paving Co. v. Parkview Realty and Improvement Co., 151 S.W. 487, 168 Mo. App. 498 (1912).

A special tax lien is not prima facie evidence of a lien against the property to a mortgagee not named therein. Granite Bituminous

Section 5 Lien; priority; legal remedies for collection.

All special tax bills shall be a first lien on the property charged therewith from the day of issuance thereof; provided, there shall be no priority between special tax bills issued under this charter, regardless of the date of such bills.

The entire bill or any installment thereof, together with interest, may be collected by action in any court of competent jurisdiction; and such action may be brought by attachment when the owner of the land affected is a nonresident of the state or after a "not found" return is made by the city marshal on any such notice, in either which event the suit shall be equivalent to notice and demand of payment.

City Counselor Ops.: 9929

Cases:

The lien of the special tax bill like the lien for general taxes is superior to other encumbrances on the land. Morey Engineering and Const. Co. v. St. Louis A. Ice Rink Co., 146 S.W. 1142, 242 Mo. 241 (1912).

As between two tax bills, the earlier in time has priority over the latter unless otherwise indicated. Parker-Washington Co. v. Corcoran, 129 S.W. 1031, 150 Mo. App. 188 (1910).

The lien of a benefit judgment is a tax lien and governed by the rule of reverse priorities. Stiers v. Vrooman, 115 S.W. 2d 84,234 Mo. App. 161 (1938), City of St. Louis v. Wall, 124 S.W. 2d 616, 235 Mo. App. 9 (1939).

Section 6 Right of acceleration; interest on judgment.
If any installment of any special tax bill or any interest thereon be not paid when due, then all remaining installments, together with interest thereon as aforesaid, shall, at the option of the holder if exercised by suit thereon, immediately become due; and a judgment on such bill shall bear interest at the rate of eight per centum per annum.

Section 7 Assignment and change of place of payment.

Special tax bills and the lien thereof may be assigned and the place of payment thereof changed to the office of the collector or to any bank or trust company in the city. But any such assignment or change of place of payment to be valid must be in writing, countersigned by the comptroller or by one of his deputies, acknowledged before an officer authorized to take acknowledgments, and registered in the office of the comptroller.

Section 8 Receipt of payments by collector; bills to be marked satisfied; expiration of lien.

It shall be the duty of the collector to receive payment of all special tax bills made payable at his office and thereupon deliver the same receipted; and he shall, upon warrants of the comptroller, pay over all such collections to the parties entitled. The persons paying any such bill shall be entitled to have the same satisfied on the register in the comptroller’s office, in whole or in part, as the case may be, immediately on presentation to the comptroller of either the receipted tax bill or a receipt from the collector or the proper bank or trust company showing such payment thereof; and the lien of any bill shall cease and be of no effect against the land charged therewith at the end of two years after the maturity of the bill or the last installment thereof, unless proceedings at law shall then be pending to collect the same, and written notice of the institution thereof setting forth when and in what court such proceedings were brought shall have been filed in the office of the comptroller within ten days after the institution of such suit.

Cases:

This section applies to special tax bills issued for improvements and does not apply to special tax bills issued for benefit assessments.

The two-year period not merely bars action but limits the existence of the lien. Granite Bituminous Pav. Co. v. Parkview Realty and I. Co., 201 S.W. 933, 199 Mo. App. 226 (1918).

Section 9 Ordinance ratifying irregularities.

If any ordinance authorizing a public work or improvement or fixing a benefit or taxing district, shall be irregular, defective or invalid by reason of any omission, error or irregularity therein or in the proceedings leading to its adoption, or if for any reason it shall be necessary to the validity of any special assessment, the board of aldermen may, on recommendation of the board of public service, adopt an ordinance ratifying all things done under or in pursuance of the original ordinance, and supplying, correcting and curing all such omissions, errors, defects and irregularities, and making such special assessment valid.

Section 10 New assessment to be made and tax bills issued where original assessment invalid.

Where public work or improvement has been done under an ordinance providing that it should be paid for by special assessment and the whole or part of such special assessment has been adjudged invalid for any reason other than the failure of the contractor to perform his contract, the board of public service shall levy a new assessment and evidence the same by tax bills in the same manner and with like effect as if validly done hereunder in the first instance.

Section 11 Amendment of assessment and tax bills.

Special assessments or tax bills evidencing the same may be amended by the officer or officers authorized at the time to prepare special tax bills or by the courts in proceedings to enforce the same, to correct or supply descriptions, names and other errors, omissions and irregularities on the part of the city, and may be divided by said officer or officers at the request of any of the parties concerned according to divisions of the property made subsequent to the bills being prepared, and without affecting the interest on such amended or divided bill.
Section 12 Additional provisions authorized.

The city by ordinance recommended by the board of public service may, from time to time, make further provision by ordinance, not inconsistent with this charter, for special assessments, the issuance of special tax bills therefor, the collection thereof, and all matters incidental thereto.

Improvement Bonds and Funds

Section 1 Issuance; source of payment; provisions to be supplied by ordinance.

The board of aldermen, by ordinance recommended by the board of public service, in anticipation of the collection of a special assessment for any public work or improvement, may provide for the issuance of improvement bonds to be delivered to the contractor in payment for so much of the work or improvement as is payable by such special assessment or to be sold by the city and the proceeds paid to the contractor in full for such work and improvement; provided, the city shall not be liable either to pay such bonds or to pay for such part of the work or improvement, but the bonds shall be paid only out of the particular special assessment in anticipation of which they were issued, and no such issue shall be in excess of the cost and expenses or estimated cost and expenses of the work and improvement and the interest on the bonds, which may be treated as a part of such cost,
and all proceeds of said bonds shall be applied in payment of the cost and expenses of such work and improvement.

If the special assessment in anticipation of which such bonds are issued shall be payable in equal annual installments the particular bonds shall be payable serially, each series maturing with approximate regard to the several maturities of such installments; and all such special assessments shall be collected promptly by the city at its expense and applied, whenever sufficient thereto after paying accrued interest on all such issue of bonds, to the redemption of any one or more of such bonds in numerical order at maturity.

The form and denomination of such bonds; the date of maturity or maturities thereof, not to exceed eleven years in any instance; the rate of interest thereon and the date and place of its payment; the price at which they shall be sold, if to be sold; by what officers and in what manner they shall be executed and attested; and the place and method of payment, save only the fund out of which payment shall be made, together with other provisions and regulations concerning such bonds and not inconsistent herewith, shall be prescribed by the ordinance authorizing the particular issue.

Section 3 Local improvement fund authorized.
The board of aldermen may, by ordinance recommended by the board of public service, provide for the creation of a local improvement fund out of which the city shall pay in cash, to contractors or otherwise, the cost and expense of local improvements, and for the levy, assessment and collection of special assessments to cover cost and expenses, the proceeds of which assessments shall be paid into such fund or funds.

Cases:

A municipal auditorium is not a local improvement. City of St. Louis v. Pope, 126 S.W. 2d 1201, 344 Mo. 479 (1938).

For the purpose of anticipating the levy and collection of any special assessment for any public work or improvement, the board of aldermen may, by ordinance recommended by the board of public service, appropriate a fund to pay for the work or improvement as it progresses, and reimburse the city either by the issue and sale of local improvement bonds, as in this article provided, or by the collection of such special assessments.

Cases:

Under this section the city may issue special tax bills payable to itself and property owners still retain the right to defend against the tax bills. City of St. Louis v. Nicolai, 13 S.W. 2d 36, 321 Mo. 830 (1928).

Section 5 Special tax bills issued under provisions of this article.
